

Climate Change Vocabulary and Government Action - Dark Green Book

Albedo - page 278

Global Warming Potential - 298

Persistence - 298

Carbon Source - 300

Fossil Fuels - 301

Carbon Sink - 302

What is the IPCC and what is their role (what do they do)? - 304

What is the G8 and what is special about that group? - 323

What is the UNFCCC and what are they responsible for? - 341

What is the Kyoto Protocol? - 342

Why do we think Canada will not be able to meet their targets? - 344

What is a positive feedback loop? - 326

Mitigation - 350

Sequestered - 350

Carbon Footprint - 350

Carbon offsets - 353

Emissions trading - 353

Carbon Tax - 353

What is the Paris Agreement on Climate Change
