

Cell differentiation and specialization pg 40 - 41

1. Figure 1.11 - What does a single cell like an amoeba rely on?
2. What is the difference between an amoeba and the cell in figure 1.13?
3. Define Cell Specialization
4. What is a stem cell?
5. What is cell differentiation?
6. Why do scientists want to study how cells differentiate?
7. Complete this table pg 42-43

Name of Cell	Drawing of cell	Function
