

SCH 3UI – Activity Series Lab 4A - Marking Sheet - (Lab MUST be typed)

Title Page and Title:

- ☐ Title page present and including investigation title, student name(s), teacher's name, course code, date performed
- ☐ Lab title accurately reflects what the lab is about

0 1 2

Purpose:

- ☐ A clear statement of the investigator's intentions for the lab.

0 1 2

Observations:

- ☐ Qualitative Observations of each reaction
- ☐ Accurate observations with a good title for the chart

0 1 2 3 4 5 6

Equations

- ☐ Write the balance chemical equations for the reactions that occurred.

0 1 3 5

Conclusion:

- ☐ Provide the activity series for metals (including hydrogen as an acid and as water) based on the observations
- ☐ Compare your activity series with the actual activity series

0 1 2 3 4 5

TOTAL = /20
